

Student Platform Occupational Therapy Volunteer Vacancies

Dear ENOTHE and SPOTEurope friends.

Thank you for your interest in SPOTEurope and support so far. You've been a massive part in determining the future direction of SPOT and we would like that to continue. We are currently looking for new members to join our team. If you are a lecturer, we ask that you pass this on to your students; if you are a student, now is your chance to get more involved!

For those who are not familiar with SPOTEurope, we are a Europe wide project led by students, for students. We believe that SPOTEurope belongs to all Occupational Therapy students and, as such, it is important that it reflects your views and gives everyone the chance to have their voices heard.

Being an active member of the SPOT team will give you the opportunity to connect with other students and professionals across Europe and the world, as well as gain valuable voluntary experience and make you stand out as a graduate OT. You will be able to use your skills to help develop a growing community of students as well as promote OT in your region.

SPOTEuropes Aims:

1. To facilitate and maintain connections between Occupational Therapy students across Europe in order to increase internationalisation through communication, discussion and the sharing of ideas, knowledge and opportunities.
2. Create long term, meaningful collaboration between OT-EU and all Occupational Therapy students in order to include students in the future of OT education, research and practice.

SPOTEurope Vacancies:

We want to add the following members to our team:

1. Board members.
2. Panel members.
3. SPOT representatives.

If you are interested in any of the roles, please see the attached Vacancy Description and send a short statement (500 words max) about yourself and why you are interested in the role to info@spoteurope.eu. **Please include your name, region, learning institute and year of study.**

As an Occupational Therapy student you are already an important part of SPOTEurope. The advertised roles are based on ideas given by students at the recent ENOTHE Conference. If you feel we are missing a role or you can offer something different, please let us know.

We look forward to hearing from you!

The SPOTEurope Team.
